Description of the Study Programme

The Visual Arts and Design programme is the first artistic degree programme in Slovenia to combine the various fields of visual arts into a unified study programme. The programme focuses on the combination of painting, sculpture, video and design. Through the interdisciplinary approach, students develop essential skills in the professional field of visual arts, as well as work autonomy and the ability to articulate their own interdisciplinary thinking, which equips them for professional work in cultural and artistic institutions, in the creative industries, and for recognition in the field of visual arts.

Objectives of the programme

To educate and train students to:

understand the creative process of transforming an idea into a product / work in the field of visual arts in the environment of industrial design and applied arts / think critically about social phenomena and transform ideas into visual language / develop their own design or art projects / plan their own creative path based on practical experience in the studio / use video and computer programs in the context of contemporary art.

Opis programa

Študijski program Vizualne umetnosti in oblikovanja predstavlja prvi umetniški program v Sloveniji, ki združuje različna likovna in umetniška področja v enovit študij. Študij je usmerjen v povezovanje slikarstva, kiparstva, videa in oblikovanja. Študenti na interdisciplinaren način gojijo veščine na strokovno umetniškem področju, sposobnost samostojnega dela in sposobnost artikuliranja lastnega interdisciplinarnega razmišljanja za strokovno oz. profesionalno delo v kulturno-umetniških ustanovah, kreativnih industrijah in lastni prepoznavnosti na umetniškem področju.

Cilji programa

Izobraziti in usposobiti študente za:

razumevanje kako poteka ustvarjalna pot od ideje do izdelka / delovanje na umetniškem področju in okolju industrijskega in unikatnega oblikovanja / kritično misel o družbenih pojavih in preoblikovanja zamisli v likovni jezik / razvijanje lastnih oblikovnih ali umetniških projektov / načrtovanje lastne ustvarjalne poti na podlagi praktičnih izkušenj v ateljeju in studiu / uporabo videa in računalniških programov vezanih na sodobno umetnost.

ADMISSION REQUIREMENTS

Admission to Year 1 of the study programme is granted to applicants who: a) have passed the general matura examination, b) have passed the vocational matura examination following the completion of any secondary school programme and an examination in one of the following matura subjects: history, art history, philosophy, art theory, psychology or sociology, c) have completed any four-year secondary school programme before 1 June 1995.

In the case that the number of applicants exceeds the number of places available, the applicants referred to in (a) and (c) will be selected on the basis of the results of the aptitude test: 90% of the total points, the overall results of the matura/final examination: 5% of the total points, and on the basis of the overall results in the 3rd and 4th years of secondary school: 5% of the total points.

The candidates referred to in point (b) shall be selected on the basis of the results of the aptitude test: 90% of the total points, the total results in the vocational matura examination: 4% of the total points, the results in the examination in the chosen general matura subject: 3% of the total points, and the overall results in the 3rd and 4th years of secondary school: 3% of the total points.

To qualify for enrolment, the candidate must pass the aptitude test, which is held and scored in accordance with the Rules on the Aptitude Test. The Rules will be made available on the UP PEF website.

POGOJI IN MERILA ZA VPIS

V 1. letnik se lahko vpiše: a) kdor je opravil splošno maturo, b) kdor je opravil poklicno maturo v kateremkoli srednješolskem programu in izpit iz enega izmed maturitetnih predmetov: zgodovina, umetnostna zgodovina, filozofija, likovna teorija, psihologija ali sociologija, c) kdor je pred 1.6.1995 končal katerikoli štiriletni srednješolski program.

Če bo sprejet sklep o omejitvi vpisa, bodo kandidati iz točk a) in c) izbrani glede na: uspeh pri preizkusu nadarjenosti: 90 % točk, splošni uspeh pri splošni maturi oziroma zaključnem izpitu: 5 % točk, splošni uspeh v 3. in 4. letniku: 5 % točk.

Kandidati iz točke b) pa bodo izbrani glede na: uspeh pri preizkusu nadarjenosti: 90 % točk, splošni uspeh pri poklicni maturi: 4 % točk, uspeh pri izbranem predmetu splošne mature: 3 % točk, splošni uspeh v 3. in 4. letniku: 3 % točk.

Kandidat mora opraviti preizkus nadarjenosti, ki poteka in se ocenjuje po Pravilniku o preizkusu nadarjenosti. Pravilnik bo dostopen na spletnih straneh UP PEF.

APTITUDE TEST

The aptitude test will consist of the following tasks:

- **Portfolio of the candidate's work,**
- **Observational drawing,**
- **Spatial composition,**
- **Conveying an idea, and an interview with the candidate.**

A preparatory course is held in the summer term, the aim of which is to help deepen your knowledge and prepare you for the aptitude test.

To qualify for the test, candidates must submit a portfolio of their work to the UP PEF administration office when submitting their application.
